

NEW KIP PRODUCT
KIPFold 1000
ONLINE FAN-FOLD FOLDING SYSTEM
FOR KIP 7100

KIPFOLD 1000

The KIPFold 1000 is a compact but powerful online folder designed to easily, conveniently and quickly fan fold documents with KIP 7100 print systems. Folded documents packets are crisp and professional, ready for distribution. This in-line paper folder is environmentally friendly, making it ideal for decentralized production environments.

KIPFold 1000 with KIP 7100

Documents up to 36" / 930 mm wide by any length are easily handed for fast fan folding. In addition, fan-folded documents may be manually fed through the KIPFold 1000 to create finished fold packets in accordance with DIN, ANSI or ARCH* standard sizes. Folded documents packets are crisp and professional, ready for distribution. Unfolded documents are collected in the integrated catch bag, conveniently located underneath the main transfer bridge.

Weight	363 lb. / 165 kg.
Electrical Requirements	115/230 V; 50/60 Hz; 8.0 / 6.0A

KIP software and application drivers provide a variety of advanced finishing options. Network and web based applications give users power over all fold parameters as well as the ability to select individual folding parameters at the workstation and store them as presets for future use. In addition, KIP Windows and AutoCAD Drivers feature full integration with KIPFold system features.

KIPFold 1000 Eight Formats at the Press of a Button

The eight folding programmes can be individually programmed within the following ranges:

- **Package width:**
7.5", 8.0", 8.5", 9.5", 10", 11", 12" / 180mm - 420mm
